

V. B. Glencoe Charter School

Virtual School Guidelines

I have received and agree to all guidelines in the V. B. Glencoe Charter School Virtual Learning Guidelines for the 2020-2021 school year.

- I understand that I must provide reliable internet access in my home or bring my child to a place where access is available.
- I understand that students are expected to attend synchronous, live, instructional lessons with teachers following the daily school schedule.
- I understand that recordings of lessons will be available if feasible, but that there may be instances when a teacher may not be able to record every lesson.
- I understand that my child is responsible for completing all assignments and that the assignments will be graded and effect promotion of the grade level.
- I understand that Pre-K – 3 grade students will need a learning coach to guide them through the use of the technology and for maximum access to the lessons.
- I understand that teachers must maintain daily contact with all students and that I will make myself available to answer calls and emails.

Student name: _____ Grade Level _____
