

V. B. Glencoe Charter School VIDEO AND TELECONFERENCING CONSENT FORM

Dear Parent or Guardian,

You are receiving this consent form because your student has the opportunity to participate in distance learning via video and/or audio conferencing. Teachers will be recording live learning videos for later reference by students participating in the session and those who are not able to join. Videos will be uploaded into our Learning Management System, Google Classroom, which will be a controlled environment only accessible to students enrolled in the class. Generally, student images and full names will not be visible in any videos.

As classrooms operate virtually, observations will also occur virtually which may require recording the virtual and/ or hybrid classroom for review by administration of the school.

Videos will not be shared on Facebook, You Tube, or other platform where access cannot be controlled.

As the parent/legal guardian of _____ (Child's Name), I give my consent for him/her to participate in video and/or audio conferencing for the purposes of distance learning and recording of the classroom for the purposes of standard observation requirements.

Parent/Legal Guardian Full Name (please print)

Date

Signature of Parent/Legal Guardian
